Gratitude Works – Open Your Heart to Love
By Katherine Scherer & Eileen Bodoh

Gratitude Works is an enchanting *Inspirational* book evoking the fondest of memories for each and every day of the year. If we learn but two words in life, *Thank You* will suffice.

Katherine Scherer and Eileen Bodoh have created such beauty, reflecting from the Master of Creation's loving touch as the shimmering rainbow of eternal hope.

Every day of the year there are inspiring words of gratitude to give praise to the beauty life beholds. The sweet scent of summer rises to instill peace in our hearts on July 31st.

"I am so *Grateful* for relaxing under the oak tree.

A bird's sweet song murmurs in my ears,
Children's laughter drifts through the air,
Before dozing off for an afternoon siesta
I think to myself, "It's a wonderful world".

This is but one of 365 inspirational verses. Louis Armstrong said it all:
"And I think to myself, what a wonderful world". This is the splendor Katherine Scherer and Eileen Bodoh have created through verse for spirits that ebb and flow through the sweeping tides of life.

A fabulous gift to give, simply to say: Thinking of You, Thank You, Happy Birthday, Merry Christmas, or I Love You.

Gratitude Works would rest with great elegance on coffee tables across the globe!
